

## **SPECIAL EDUCATION AND RELATED SERVICES FOR ELIGIBLE STUDENTS**

The district recognizes that students whose disabilities adversely impact educational performance and who require specially designed instruction have potential for improving educational performance when they receive special education and related services tailored to fit their needs.

Each eligible special education student in the district will be afforded a full education opportunity. This goal will be met consistent with the state's goals through ensuring the provision of a free appropriate public education, complying with state and local procedures, and improving performance goal indicators.

The district shall comply with state and federal requirements for special education. The superintendent shall develop procedures consistent with state and federal laws and rules to implement the following:

- Free appropriate public education;
- Confidentiality of personally identifiable information;
- Identification, evaluation, eligibility and reevaluation;
- Participation in assessments;
- Development of individualized education program (IEP) and placement;
- Participation in regular education, least restrictive environment (LRE);
- Procedural safeguards;
- Parent participation;
- Transition from Part C to Part B services for preschool children;
- Private school students unilaterally placed by parents;
- Staff qualifications and personnel development; and
- Program administration and evaluation.
- Early Intervention (Birth to Three)

The Superintendent shall develop procedures to implement this policy, as directed by Federal Regulation (34 CFR 300.220). This policy and procedures shall be consistent with the state's special education regulations and filed with the Office of the Superintendent of Public Instruction.

Not all students with disabilities are eligible for special education services. The needs of each student will be addressed individually and provided appropriate accommodations or modifications required under Section 504 of the Rehabilitation Act, Title II of the Americans with Disabilities Act, and the Washington laws against discrimination.

### **Free Appropriate Public Education (FAPE)**

The district shall provide all eligible students with disabilities ages three through twenty-one with a free appropriate public education which consists of special education, necessary related services, and supplemental aids and services, provided:

1. At public expense, under district supervision and direction;
2. In compliance with the standards of the state educational public agency;
3. To include preschool, elementary and secondary educational opportunities; and
4. In conformity with an individualized education program (IEP) which meets the requirements of special education rules.

Such educational and support services may extend beyond the traditional 180-day school calendar year if necessary to provide an individual eligible student with a free appropriate public education.

### **Confidentiality of Personally Identifiable Information**

In addition to complying with the district's policies and State and Federal law on the confidentiality of all student records, the Superintendent is directed to develop procedures to implement confidentiality requirements that are consistent with state special education rules.

This includes informing parents of students or eligible students of their right to confidentiality, at least annually, through appropriate notice.

### **Identification, Evaluation, Eligibility and Reevaluation Childfind**

These procedures shall encompass students ages three through twenty-one regardless of the severity of their disability who reside in the district, including those attending public and private agencies and institutions, and religious schools.

The district's procedures shall also include methods for conducting Childfind activities, including methods to determine which students are not currently receiving needed special education and related services. The procedures shall include consultation with appropriate representatives of private school students to determine the number of unilaterally placed students, the needs of students and their location, so that it can be decided which students will receive services, what services will be provided, how and where services will be provided and how services will be evaluated.

#### **Procedural Safeguards**

The district shall develop procedures for implementing procedural safeguards for parents and students consistent with state and federal requirements that include notice relating to: informed parental consent, assessment (protection in evaluation procedures), confidentiality, and opportunity to examine records, prior notice, independent educational evaluation, impartial due process hearing, surrogate parents, discipline, attorney's fees, mediation and citizen complaints.
